About the Project

Multiplying Entrepreneurship through Coaching - Building a sustainable support structure for start-up companies mainly from production, services, IT and crafts.

Training Workshops – Cyprus and Romania!

The training workshops for entrepreneurs took place last month in Romania (Brasov) and Cyprus (Nicosia) and aimed to join managers and company's owners to share experiences and challenges of managing their companies in their own countries.

The training program developed under MultiEnt Project was very successful and the workshops and practice exercises and debate brought a lot of diversity and enrichment for all participants.
